

## Medical Toxicologist Needed for Expanded Services

Arkansas Children's Hospital and the University of Arkansas for Medical Sciences, in collaboration with Arkansas Poison and Drug Information Center, is currently recruiting a medical toxicologist.

### THE OPPORTUNITY:

- Join a 20+ year fully established, robust clinical pharmacology/toxicology service with 4 faculty at Arkansas Children's in Little Rock, AR.
- Assist in expansion of medical toxicology clinical services to the UAMS adult hospital with the mission of building an academic and collaborative medical toxicology program to provide high quality clinical care, education, and research.
- Support development of a Medical Toxicology Fellowship with implementation goal in 2024.
- Numerous educational opportunities with a wide range of trainees, as well as, research opportunities for individuals desiring to be innovative in promoting the advancement of medical toxicology.
- Pediatric training (PEM, Hospitalist, General) with medical toxicology training preferred but Emergency Medicine and/or Medical Toxicologists with Addiction Medicine training and/or experience treating adolescents with substance use disorders are encouraged to explore this opportunity.

### ABOUT ARKANSAS CHILDREN'S HOSPITAL:

- Arkansas Children's is the only healthcare system in the state solely dedicated to caring for Arkansas' more than 700,000 children.
- The private, non-profit organization includes two pediatric hospitals, a pediatric research institute and USDA nutrition center, a philanthropic foundation, a nursery alliance, statewide clinics, and many education and outreach programs — all focused on fulfilling a promise to define and deliver unprecedented child health.
- Arkansas Children's Hospital (ACH) is a 336-bed, Magnet-recognized facility in Little Rock operating the state's only Level I pediatric trauma center; the state's only burn center; the state's only Level IV neonatal intensive care unit; the state's only pediatric intensive care unit; the state's only pediatric surgery program with Level 1 verification from the American College of Surgeons (ACS); the state's only magnetoencephalography (MEG) system for neurosurgical planning and cutting-edge research; and the state's only nationally recognized pediatric transport program. Arkansas Children's Hospital is nationally ranked by U.S. News & World Report in seven pediatric specialties (2022—2023).
- Arkansas Children's Northwest (ACNW), the first and only pediatric hospital in the Northwest Arkansas region, is a level IV pediatric trauma center. To learn more, visit [archildren.org](http://archildren.org).

### THE LOCATION:

- Arkansas is a great place to live, raise a family and pursue an exciting career. Known as the Natural State, Arkansas hosts an abundance of scenic vistas from lakes and rivers, to the breathtaking Ozark and Ouachita Mountains, Arkansas is home to endless outdoor adventures.
- Kiplinger's Personal Finance Magazine named Little Rock one of the "10 Great Cities That Have It All." Whether it is the considerable lower cost of living or the Southern hospitality of your neighbors, living in Little Rock is top notch.
