

Join A WINNING TEAM!! The Florida/USVI Poison Information Center-Jacksonville (FPIC Jax) is looking for a prn Certified Specialist in Poison Information to join our highly trained, professional staff. We're looking for a CSPI who can work a variety of shifts, including weekends and nights. Commitment of time is ~1-2 shifts/week. This is a telework position, but 3-5 days of orientation/on-sight training is required. Monthly CEU's, online yearly regulatory training, and opportunities to join our state wide Journal club, along with other in house opportunities are available if so desired.

The Florida/USVI Poison Information Center-Jacksonville is located in Jacksonville, Florida, in the Northeastern corner of Florida. We are an AAPCC Certified center with the majority of staff being CSPI Certified. We have a state of the art computer system along with a staff produced call tracking system. Our staff and administrators are active at the local, state and national level with toxicology as well as leadership positions. We have a highly recognized pharmacy clinical toxicology fellowship based at the center, and are active with both pharmacy and medical toxicology teaching/rotations for fellows and residents of our host hospital. FPIC Jacksonville promotes high standards and a professional, patient care/patient advocate based center. We have a very proactive and energetic educational department as well, helping to improve our message to the community as well as to the health care facilities and providers we serve.

Contact Dr. Lindsay Schaack Rothstein at schaack.rothstein@poison.ufl.edu with any questions on this unique, winning opportunity.
