

CSPI or SPI POSITION

The Washington Poison Center is currently accepting applications for a Specialist in Poison Information Nurse or Pharmacist. The WAPC is a stand-alone 501c3 corporation, contracted to the Washington State Department of Health. We are the accredited poison center serving Washington State and located in Seattle. The Washington Poison Center is progressive in its public health outreach and involvement with the state regarding marijuana, electronic dance music, and emergency preparedness. Do you want to be a part of a

dynamic, progressive, and ambitious poison center?

Everyone knows we have shore and mountains; we also have access to hiking, culture, amazing food, coffee, wineries, craft breweries, and more!

Did we mention mild summers and winters?

[Seattle](#) is nestled between Lake Washington to the east, Puget Sound to the west, and mountains on either side.

This is a 1.0 FTE position. Applicant must be a licensed RN or Pharmacist. A CSPI is preferred. This position currently rotates to nights once every 10-12 weeks.

We encourage professional development for our SPIs including providing opportunities to be involved in educational, outreach, research, and legislative activities beyond their core responsibilities. In addition, we support a Career Improvement Program that allows our SPIs to acquire and/or enhance their knowledge and skills in a particular area.

We offer an attractive benefit package, including medical/dental/vision insurance, life insurance, long-term disability, holidays, sick leave, 401(k), flexible spending accounts for medical and childcare and free parking. We also offer a competitive salary based on market comparison, skills and experience.
