

The Tennessee Poison Center is looking to hire a full-time Specialist in Poison Information or Certified Specialist in Poison Information. Applicants must be either an RN, PharmD, MD, or a PA. Applicant must be available to work all shifts (days, nights, evenings, weekends, holidays) but the general shift for this position will be evenings. The Tennessee Poison Center is housed at Vanderbilt University Medical Center. All specialists are Vanderbilt University Medical Center employees and receive benefits including retirement, health care, and paid time off. The position has options for working remotely once training is completed. However, it is required to relocate to the Nashville area. Applicants can reach out to the Tennessee Poison Center's managing director, Dr. Marissa Kopatic at Marissa.C.Kopatic@vumc.org and medical director, Dr. Rebecca Bruccoleri at Rebecca.E.Bruccoleri@vumc.org for more information. Interested applicants should apply here: [Work for Vanderbilt Health | Work for Vanderbilt Health \(vumc.org\)](#) Please click Apply and enter "Poison" in the search bar and it is the first listing (job R-15043). VUMC is an Employment Equal Opportunity/Affirmative Action Employer.
