

Poison Control Center Pharmacist Position Available: Toxicology Management Specialist

Job Title: Toxicology Management Specialist (Pharmacist SR EX)

**Work Location: California Poison Control System
Fresno/Madera Division
Valley Children's Hospital, Madera CA**

Duties: The California Poison Control System provides over the phone information to California health care professionals, and to the general public, regarding the diagnosis, assessment and treatment of poisoning or potential poisoning.

Successful applicants will join our state-wide multidisciplinary poison control team, which provides telephone advice and information across a broad spectrum of toxicology topics including poisoning related to drugs, household chemical exposures, substances of abuse, plants, venoms, and environmental chemicals.

Employment is with the UCSF School of Pharmacy. Opportunities exist for research and academic publication. *Poison Control Center experience is not required. Extensive on-the-job training will be provided.*

The Fresno-Madera Region of California's central valley is a culturally diverse and sophisticated community, where residents enjoy small-town values with big-city amenities in close proximity to world-renowned hiking, skiing, and coastal regions. Enjoy the best of what our great state has to offer in "the Barcelona of California."

Required Qualifications

- *Pharm.D. Degree*
- *CA Licensed Pharmacist in good standing currently or by start of employment*
- *Excellent drug information skills and knowledge of pharmacology, toxicology, and pathophysiology*
- *Superb written and verbal communication skills*
- *Adaptable to situations involving a range of callers including the lay public and healthcare professionals*
- *Willingness to work a variety of shifts (including overnight, weekends, and holidays)*
- *Enthusiasm for teaching consumers and health care professionals*
- *All final candidates for employment are required to undergo a background check and fingerprinting.*

Preferred Qualifications

- Post graduate or clinical pharmacy residency or fellowship training
- AAPCC Certification as Specialist in Poison Info (CSPI) or Diplomat of Am. Board of Applied Toxicology (DABAT)

Compensation: Full-time, salaried position with excellent benefits provided through the University of California. Salary commensurate with experience. For salary range see: [TCS Non-Academic Titles Search \(ucop.edu\)](#)

Application Process: This is a UCSF, School of Pharmacy position based in Fresno/Madera.
