

The Southeast Texas Poison Center at Galveston is looking to hire a **full-time remote night shift** Specialist in Poison Information or Certified Specialist in Poison Information. Applicants must be either an **RN, PharmD, MD, foreign medical graduate or a PA**. Applicant must be available to work weekends and holidays. The Poison Center is housed at the University of Texas Medical Branch (UTMB). Specialists will receive state benefit package including retirement, health care, and paid time off.

Applicants can reach out to the Southeast Texas Poison Center's managing director, Dr. Chiemela Ubani at cbubani@UTMB.edu for more information. Interested applicants should apply here: <https://aa083.referrals.selectminds.com/jobs/specialist-poison-information-i-or-ii-tdh-poison-center-nights-will-become-remote-19660>

Looking forward to seeing your applications!

UTMB is an Employment Equal Opportunity/Affirmative Action Employer.
